

MAKING PLANS for the Harbor District Pow-Wow are from the left, John Dudly, professional scouter; William Culberson, general chairman; Mrs. Charles Roller, crafts chairman and Mrs. Elmer Glawson, craft chairman.

All adults interested in Cub Scouts are invited to spend the afternoon at Carson High School to learn about the cub program. Child care will be provided by Troop 778 of the Girl Scouts.

Traffic Safety Council Chairman Reports On Conference With Brown

Mrs. Eva Bisou, Vice-Chairman of the Traffic Safety Council reported on her trip to the Governor's Traffic Safety Conference at the council's regular monthly meeting held last Monday. Governor Brown indicated that the year 1962 claimed 4,121 lives and injured 184,676 persons at a cost of 6 million dollars. In 1963, he indicated that there will be 17 million cars in the state of California and unless further efforts are expended towards safer defensive driving, an estimated 10,000 will lose their lives and 400,000 will be injured. Governor Brown urged that the Department of Motor Vehicles speed up dealing with negligent drivers, speed up the installation of median barriers on freeways warning motorists of perilous stretches, increase efforts to cut the drunk driving menace, and recruit more highway patrolmen.

to the majority of cities in this state, the city of Torrance is making great strides in directing efforts towards traffic safety, due to the efforts of the Traffic Engineer of the city of Torrance, Jim Whitmer, the Police Department, and the Traffic Safety Council. The next safety luncheon will again be held at The Palms Restaurant, 1925 W. Carson Street, at 12:00 Noon, November 4, 1963. Subject will be "Community Role in Safety," guest speaker will be Mr. Ben G. Gautier of Formers Insurance Company and President of the Huntington Park Traffic Safety Council. Early in December the Automobile Manufacturing Association will locate a large mobile display of safety devices. Further information will be publicized at a later date. Public Education Officer, Don Hartel, presented the 1962 American Automobile Association report on Pedestrian Safety Program in the

City of Torrance. The report showed several interesting statistics.

MAGIC CHEF

(Continued from Page Two) rant Menu may be ordered for "Take-Home" service.

Customers will find the more unusual items in the special service delicatessen. Kosher specialties such as corned beef, pastrami and kosher hot dogs are always stocked. Here, too, will be found a wide variety of freshly barbecued meats.

Market manager Don Fordiano stressed that service to the customer was and will continue to be the primary objective of the Magic Chef Supermarket. "All of us at Magic Chef," he said, "want to make Magic Chef a convenient, easy place for the shopper to fill all their home needs."

FIRST PURE NICKLE

Since the first pure nickel coin was minted over 80 years ago, 45 countries have used this metal for 134 different types of coins.

"The Curious Savage" New Footlight Play

Savages! "Curious Savages" that is, have taken over the Benstead Plunge, 3331 Torrance Blvd., Torrance.

"The Curious Savage," isn't uncivilized at all. She is the lovable Ethel Savage, a wealthy widow who's tired of being sensible — and spends her fortune on all the silly things she's always wanted to do. The stepchildren try to bring her to her senses by having her committed to a sanatorium. Mrs. Savage is determined to establish a Happiness Fund to help others realize their hopes and dreams.

Dick Welte Selected New CESA Head

The Torrance elementary principals have unanimously selected Mr. Richard Welte to head their recently formed local chapter of CESA (California Elementary School Administrators). In addition to the selection of Mr. Welte as president, Mr. Robert Allen was elected vice president; Mr. Don Credle, secretary, and Mr. John McGee, treasurer.

The group will meet for a combined breakfast and business meeting at 7 a.m. on the first Friday of each month. Plans now in the formulative stage call for the recruitment of outstanding representatives from the field of education and related fields as speakers for future meetings. At the next meeting of the organization, the speaker will be Mr. Albert Charles, director of the Personnel Factors firm, located in the Hollywood Riviera section of Torrance. This meeting at which Mr. Charles will be discussing the elementary school principal, is particularly important since it hits the heart of one of the chief purposes for the formation of this new CESA chapter — the professional improvement of the elementary school principal. Such professional improvement will accrue benefits not only to individual members of this organization, but, in the last analysis, to the children of the Torrance community.

The dominant mood is high comedy as Mrs. Savage outwits her stepchildren. Footlight Theatre resumes its activities starting the fifth season with the delightful comedy "The Curious Savage" by John Patrick. Director and Producer Herb Goodman uses center staging or horseshoe, as it is sometimes called.

The cast is in full rehearsal after several unexpected turns of events, not unusual in theatre groups. At times the groups lose an actor to Hollywood offers with pay, or similar important reasons. This very capable cast is guarded from the scouts and since all are welcome to watch rehearsals, T.V. and movie scouts may be requested to show their identifications.

Curtain time is 8:30 p.m. For group rates and information call DA 9-5338.

HONOR

The louder he talked of his honor, the faster we counted our spoons.

The play begins its three-weekend run, Fri. and Sat. Nov. 29th-30th through Dec. 14th.

Lutheran Couples Note Halloween

Is that REALLY the same woman?

It is. Same dress, earrings and hair-do, too...but the pictures of this 43-year-old housewife* were taken 6 months apart.

What made the big difference? What firmed those sagging contours that detracted from an otherwise pretty face? What made her look so much younger that it's hard to believe this is the same woman?

She didn't have her face lifted, or experience any significant weight change. What she did do was use the Zeigler Facial Exerciser...regularly, faithfully.

The Zeigler Facial Exerciser is a remarkable electronic unit that helps to stimulate facial circulation...gently exercises facial muscles that are beginning to sag as a result of normal processes of aging.

Want to know more about it? For a free demonstration without obligation, call 320-2631, or write:

A **BANK CHECKING ACCOUNT** without a **GLENDALE FEDERAL SAVINGS ACCOUNT**

is like a  without  **You Need Both**

A hammer is an important building tool...but its usefulness is limited without nails. To build, you need both. Just as you don't limit yourself in building, don't limit yourself in handling money by using the services of only one financial institution. To build a sound financial structure, you need a bank checking account to pay monthly bills—together with a high-profit savings account at Glendale Federal Savings, where your money earns over 35% more than a commercial bank pays on a comparable savings account, comparably insured. So, for a checking account, use any bank...for high earnings on savings, Glendale Federal.
